

## Measured Events

### Field Events

Final/Qualifying = %

Farther is Better

- If the **FINAL SCORE** is equal to or greater than the **QUALIFYING SCORE**, issue a 1<sup>st</sup> Place (Gold Medal)
- If the **FINAL SCORE** is less than the **QUALIFYING SCORE**, divide the Final Score by the Qualifying Score to get a percentage.
  - If the percentage is between 99-90 percent, issue a 2<sup>nd</sup> Place (Silver Medal).
  - If the percentage is between 89-85 percent, issue a 3<sup>rd</sup> Place (Bronze Medal).
  - If the percentage is under 85 percent, issue a 4<sup>th</sup> Place Ribbon.
- **EXAMPLE #1:**
  - Qualifying Score is: 5.67
  - Final Score is: 6.81
  - Since the Final Score is greater than the Qualifying Score, a Gold Medal is awarded.
- **EXAMPLE #2:**
  - Qualifying Score is: 4.25
  - Final Score is: 3.75
  - Since the Final Score is less than the Qualifying Score, calculate a percentage difference.
  - $3.75/4.25 = .8823$  (88%)
  - Issue a Bronze Medal

## Timed Events

### Run/Walk Events

Qualifying/Final-%

Faster is Better

- If the **FINAL SCORE** is equal to or less than the **QUALIFYING SCORE**, issue a 1<sup>st</sup> Place (Gold Medal)
- If the **FINAL SCORE** is greater than the **QUALIFYING SCORE**, divide the Qualifying Score by the Final Score to get a percentage.
  - If the percentage is between 99-90 percent, issue a 2<sup>nd</sup> Place (Silver Medal).
  - If the percentage is between 89-85 percent, issue a 3<sup>rd</sup> Place (Bronze Medal).
  - If the percentage is under 85 percent, issue a 4<sup>th</sup> Place Ribbon.
- **EXAMPLE #1:**
  - Qualifying Score is: 14.51
  - Final Score is: 13.35
  - Since the Final Score is less than the Qualifying Score, a Gold Medal is awarded.
- **EXAMPLE #2:**
  - Qualifying Score is: 12.44
  - Final Score is: 13.67
  - Since the Final Score is greater than the Qualifying Score, calculate a percentage difference.
  - $12.44/13.67 = .9100$  (91%)
  - Issue a Silver Medal

## **Multiple Score Point Events**

### **Pentathlon**

**Final/Qualifying = %**

**More Points is Better**

- If the **FINAL SCORE** is equal to or greater than the **QUALIFYING SCORE**, issue a 1<sup>st</sup> Place (Gold Medal)
- If the **FINAL SCORE** is less than the **QUALIFYING SCORE**, divide the Final Score by the Qualifying Score to get a percentage.
  - If the percentage is between 99-90 percent, issue a 2<sup>nd</sup> Place (Silver Medal).
  - If the percentage is between 89-85 percent, issue a 3<sup>rd</sup> Place (Bronze Medal).
  - If the percentage is under 85 percent, issue a 4<sup>th</sup> Place Ribbon.
- **EXAMPLE #1:**
  - Qualifying Score is: 1250
  - Final Score is: 1275
  - Since the Final Score is greater than the Qualifying Score, a Gold Medal is awarded.
- **EXAMPLE #2:**
  - Qualifying Score is: 1365
  - Final Score is: 1102
  - Since the Final Score is less than the Qualifying Score, calculate a percentage difference.
  - $1102/1365 = .8073$  (81%)
  - Issue a 4<sup>th</sup> Place Ribbon
