NATIONAL HEAD START ASSOCIATION

Special Olympics has developed a program to improve early childhood play skills called Young Athletes (YA). This program not only serves children with disabilities. Young Athletes is an inclusive sport and play program for children with and without intellectual disabilities, ages 2 to 7 years old. This makes it a logical fit for any Head Start program looking to expand inclusive physical activities for all the children in the classroom.

SONM will provide:

Equipment

Training

Curriculum

T-shirts for participants

Head Start site will:

Implement curriculum for 8 weeks or more

Report participation numbers

Register annually as a participating site

Head Start sites can report Young Athletes equipment and supplies as In-Kind on grant reporting!

For more information or to register your site Contact Victoria Martinez: victoria@sonm.org
